'When I left Whitireia, I felt fully equipped to step foot into the industry.'

Eddie

 Dance

 Performer

Performing in front of an audience is where Eddie feels most alive. Dance is her passion and after studying, she turned it into a fulfilling career that has taken her all over the globe.

Eddie struggled through a few different avenues of study and styles of dance before she landed at Whitireia. But from day one, the passionate people and supportive environment made her feel right home.

"There are so many benefits of full-time study. You meet amazing people who are heading into the industry at the same time as you, which is especially helpful as you navigate your dance career," she says.

Eddie's tutors stood by her every step of the way, and provided her with the skills, industry knowledge and techniques to step right into the industry.

After graduating, Eddie spent six months in India working on Bollywood films, followed by a stint in Germany as a showgirl. She was then offered an incredible opportunity to work on a cruise ship, allowing her to travel the world whilst dancing for a living.

Eddie's dance journey has led her to some incredible places, and she credit the advice of her tutors for guiding her career; "At Whitireia I was taught if someone asks you to do something, say yes! You never know where it could lead and what opportunities it could open."
